## **Solution Architecture:**

Solution architecture is a complex process – with many sub-processes – that bridges the gap between business problems and technology solutions. Its goals are to:

- Find the best tech solution to solve existing business problems.
- Describe the structure, characteristics, behavior, and other aspects of the software to project stakeholders.

| • | Define features, | development p | hases, and | l solution req | uirements. |  |
|---|------------------|---------------|------------|----------------|------------|--|
|   |                  |               |            |                |            |  |
|   |                  |               |            |                |            |  |
|   |                  |               |            |                |            |  |
|   |                  |               |            |                |            |  |
|   |                  |               |            |                |            |  |
|   |                  |               |            |                |            |  |
|   |                  |               |            |                |            |  |
|   |                  |               |            |                |            |  |
|   |                  |               |            |                |            |  |
|   |                  |               |            |                |            |  |
|   |                  |               |            |                |            |  |
|   |                  |               |            |                |            |  |
|   |                  |               |            |                |            |  |
|   |                  |               |            |                |            |  |
|   |                  |               |            |                |            |  |
|   |                  |               |            |                |            |  |
|   |                  |               |            |                |            |  |
|   |                  |               |            |                |            |  |
|   |                  |               |            |                |            |  |
|   |                  |               |            |                |            |  |
|   |                  |               |            |                |            |  |
|   |                  |               |            |                |            |  |
|   |                  |               |            |                |            |  |
|   |                  |               |            |                |            |  |
|   |                  |               |            |                |            |  |
|   |                  |               |            |                |            |  |
|   |                  |               |            |                |            |  |
|   |                  |               |            |                |            |  |
|   |                  |               |            |                |            |  |
|   |                  |               |            |                |            |  |
|   |                  |               |            |                |            |  |
|   |                  |               |            |                |            |  |
|   |                  |               |            |                |            |  |
|   |                  |               |            |                |            |  |
|   |                  |               |            |                |            |  |
|   |                  |               |            |                |            |  |
|   |                  |               |            |                |            |  |
|   |                  |               |            |                |            |  |
|   |                  |               |            |                |            |  |
